

Your Added-Value

With Cenaero at your side, you will increase your competitiveness and efficiency. Three main aspects will pave the way for your improvements:

→ A reliable partner in Project Management Office:

- > Overcome difficulties to get R&D public funding,
- > Make your R&D objectives a reality through European projects,
- > Work with a trustworthy partner supporting the administrative tasks,
- > Cross the initial threshold of collaborative projects

→ A clear R&D strategic vision:

- > Be conscious of your strengths, and be aware of your weaknesses,
- > Identify, develop and rely on your effective competitive advantage,
- > Fueling innovation and select the most promising ideas,

→ A motivating economic environment

- > Optimize the financing of innovation,
- > Reduce your developing expenses by identifying the eligible costs,
- > Improve your cash flow with financial support, and minimize your risks.
